SHELBY CITY SCHOOLS Richland County

Summary of Significant Assumptions and Accounting Policies For the Fiscal Years Ending June 30, 2018 through 2022

November 2017

REVENUES

Line 1.010 General Property Tax (Real Estate)

For fiscal year 2018 General Property Tax is estimated based on actual receipts to date – and the county auditor's estimates as expressed in the tax budget. Fiscal years 2019-22 are projected to be similar to the previous year based on the tax budget and current economic and real-estate conditions, including recent complaints for revision. An emergency levy representing approximately 4.3 mills and generating \$950,000 was renewed in November 2016. The last reappraisal for Richland county property was in calendar year 2017, collectible in calendar 2018. The estimates include all property taxes and telephone personal property tax scheduled for settlement for fiscal years 2018 – 2022 and exclude the receipt of any advances against succeeding years' scheduled property tax settlements.

Line 1.020 Tangible Personal Property Tax

Tangible Personal Property Tax is phased out by Fiscal 2013.

Line 1.030 Income Tax

On May 3, 2005, the voters of the Shelby City School District authorized a one percent (1%) continuing income tax that became effective January 1, 2006. The income tax is estimated to generate approximately \$2,800,000 in 2018 with minimal annual increases.

Lines 1.035 Foundation / State Grants -in -Aid

The current year is estimated based on the current State estimate as shown on the first October 2017 Report and settlements to date. Years 2019 – 2022 are estimated at a very small increase from Fiscal 2018. The state funding for schools is based on several factors all of which are subject to deliberations and approval of the Ohio General Assembly. A new state budget cycle beginning in Fiscal 2018, and enrollment changes will impact funding, possibly significantly. This line also includes casino funding \$95,000 in FY 2018 and a similar amount annually through 2022.

Line 1.040 Restricted State Grants This represents Career Tech and Economically Disadvantaged funds. Estimates are per the first October 2017 state guidance.

Line 1.045 State Foundation Stimulus Funding This line represents a two year cash flow from the federal government meant to supplement what was previously received fully from state funds. Cash flows from this source were phased out by fiscal 2013.

Line 1.050 Property Tax Allocation

This line includes both reimbursement for Homestead and Rollback allowances on property taxes and reimbursement for the Tangible Personal Property (TPP) Tax lost due to the phase out of tax on personal property. The current forecast includes \$740,000 for homestead and rollback reimbursement and minimal PPT reimbursement along with small amounts for ODE corrections and Mobile Home tax. PPT reimbursement is estimated based on our current understanding of the state budget, to be phased out completely after FY 2017.

Line 1.060 All Other Revenues

Other Revenues include open enrollment, tuition, extracurricular transportation, Medicaid reimbursement property tax abatements, interest, student class fees, refund of prior year expenditures and other revenue. Projections include a small increase in fiscal 2018 based on an expected increase in interest rates partly offset by a decrease in Medicaid receipts as a backlog of cost report reimbursement is caught up.

Line 2.020

No new debt issues are projected for the period of 2017 -2021. The debt related to building project doesn't show up in the general fund.

Line 2.060 All Other Financing Sources

All other financing sources consists of sales of fixed assets, compensation for loss of assets and reimbursement for prior years expenses. In the past this has been a relatively small source of income.

EXPENSES

Line 3.010 Personal Services

Fiscal year 2018 is calculated using current staff and salary levels. Fiscal year 20198 is estimated on the same basis. For Fiscal Years 2020-22 we have applied a 2.0% increase to the previous year to allow for step increases on the higher salaries resulting from the 2018-20 contracts. We assume that the current level of federal grant funds will be available to cover some contracted salaries. At this point we have not factored in any additional attrition or any changes to either salary or benefits other than those mentioned above. Both this line and line 3.020, Benefits are subject to collective bargaining.

Line 3.020 Benefits

Fiscal Year 2018 is projected based on experience including a net estimated 1.5 % decrease in health insurance costs beginning in December 2018. The small decrease in health costs is offset further by increases to retirement contributions on higher salaries. Fiscal Year 2019 projections include small increases in health insurance and in STRS and SERS based on a stable staff count. No increases to the STRS or SERS rates or pick-up have been specifically included in the forecast at this time.

Line 3.030 Purchased Services

Purchased Services, which include special education and other student services as well as utility costs, are estimated for 2018 based on experience and current contract expenses.

Line 3.040 Supplies & Materials

Supply and material costs are projected as indicated for fiscal 2018 – 2022. Set-aside requirements have ended for the forecast period, however spending has been increased to cover necessary classroom materials and technology.

Line 3.050 Capital Outlay

We have added additional funds in fiscal year 2019 and 2021 to be used along with Permanent Improvement Funds as necessary to cover the purchase of two new busses in each of the years mentioned.

Line 4.020 Principal Notes; None

Line 4.030 Principal State Loans; None

Line 4.050

Line 4.060

Line 4.300

Other objects include fees associated with collection of real estate and income taxes, audit, county office and other items. Costs are projected to remain stable, increasing slightly in the coming years.

Line 5.010 & Line 5.020

No significant transfers or advances out are estimated for fiscal years 2018 through 2022.

Line 8.010

These are outstanding purchase orders that have not been approved for payment as goods were not received in the fiscal year in which they were ordered.

Line 9.030

A budget reserve has been established and stands at the amount shown on this line.

Line 9.060 Property Tax Advances

No advances are anticipated.

Lines 9.010 & 9.070 Bus Purchases

At this point, Classroom Supply reserves are projected to be fully spent by the end of fiscal 2016. A Bus Purchase reserve was spent in Fiscal 2017.

11.020 Property Tax Renewal or Replacement

13.020 Property Tax - New

No new property tax is anticipated at this time.

Lines 20.010 -.015 ADM Forecasts

Average Daily Membership is projected to be stable over the forecast period.

SHELBY CITY SCHOOLS TREASURER'S DISCUSSION & ANALYSIS September 2017/ October 23, 2017 Board Meeting

Financial items for action on this month's agenda include the regular statements and cash reconciliations for September and our proposed forecast and assumptions.

Cash Reconciliation:

The district's cash balance at the end of September was \$15,281,394.46, this compares with a cash balance of \$13,833,636 one year ago. The General Fund ending balance was \$10,453,782 equal to 6.9 months general fund operating expenses as estimated on enclosed draft forecast; above our threshold of 3.0 months operating expenses. At this time last year the ratio was 5.8 and the General Fund cash balance was \$8,831,931.

Cash Balances;

All our funds except for federal grants are in the black at the end of September. The grant balance will move back into the black as cash requests come in. Food service had a positive balance of \$85,718 at the end of September.

Actual Results Compared to Forecast

The forecast was set based on actual results through September, so there's no variance to report. In looking at prior years, our expenses are lower than they were at this point last year but higher than they have been at this point in any of the other last nine years. Revenue is higher than last year or the year before at this point, but significantly less than it was in 2007 - 2008 We have seen the first October payment from the state foundation and it appears to confirm our forecast assumption for revenue on line 1.035.

3.3 Forecast and Assumptions:

The assumptions explain our thoughts in developing the forecast and are an integral part of the document. They should be given the same careful reading as the actual forecast.

In prior years in this discussion we noted an overall theme of decreasing revenue, and expenses kept relatively stable by good management. Our situation improved significantly in each of the last two years and should continue to do so this year. Revenue is projected to be \$20,245,000; up by \$231,732 due to small increases across all revenue sources. At the same time expenses are expected to be \$18,960,000 up by \$340,010 with the increase distributed across all categories but weighted towards payroll costs. When approved the forecast will be submitted to ODE and posted on their web site.

Appropriation Summary

Item 4.1 - No changes this month

Personnel:

- 6.1.1 Financial effects of this retirement will depend on how the positions are filled.
- 6.2.1 Morgan Rose replaces Mary Pat Savord at an estimated salary of \$13,206 for the remainder of the year. Because Morgan will be working an additional ½ hour per day this represents and increase of about \$300 in salary expense for the year
- 6.3.1 & 6.3.2 These two changes in food service staffing and hours will represent a change in salary cost of about \$300 for the year.
- 6.4 Step increases due to increased training will cost a total of \$17,292 year in salary at this level

New Business:

9.3Health insurance premiums for Common Plan A will increase by 8% in January 2018, after a 4.8% increase last year. At the same time the district will eliminate the previous 'traditional' insurance plan. Premiums for this plan would have increased by 23% had we continued to offer the benefit. Prices for the traditional plan for the current year, before the increase mentioned above are provided in gray type below for comparison. In place of the traditional plan we will offer a choice of Common Plan A, which has been available for the past several years, and Common Plan C which is a high deductible HSA Plan. To facilitate the change in plans the district has also committed to funding Health Reimbursement Accounts and Health Savings Accounts. The cost of these accounts will depend on utilization and how many employees choose which of the new plans, making a direct cost comparison difficult at this point. Our very rough estimate is that with the 8% premium increase and funding the HRA/HSA accounts the district will break even with last year's health insurance expense — no small feat in the current market. Premiums for next year will be as follows:

Common Plan A	
single	\$611.82
family	\$1,670.25

2018

Con	nmon Plan C
single	\$510.45
family	\$1393.52

- 9.4 This contract is a renewal of previous arrangements updated for the current negotiated agreements. The cost is \$4.45 per participant per month.
- 9.5 The new van is being purchased to extend the current fleet to allow for transportation of a student to a specialized program in Bucyrus on a daily basis.
- 9.6 A second student is being transported by a parent to a specialized program in Lexington. We have agreed to a rate of \$42.80/day for transportation in this case.
